## ABOUT US

JJCS Investment enjoys maximum support and partnership from various manufacturing and trading houses in South Africa, Europe, Asia, and the U.A.E for all our international and overseas procurement and trade inquiries. JJCS Investment draws from the solid and proven experience of its management, staff and technical consultants in sourcing, supply and delivery of construction, mining, maintenance products and equipment to remote sites throughout Zambia and the rest of the continent.

The flexibility of the company adapts itself to the demand of each project, enquiry, or challenge. Our diverse and experienced staff will provide solutions to package the most cost-effective approach and will identify our customers' needs to enable us to ensure quality and efficiency with every specific service project or supply of goods. JJCS INVESTMENT has specialized and over time has acquired experienced in-service delivery and supply of various goods including power generation equipment, instrumentation, electrical maintenance, and mechanical spares etc.

# JJCS

JJCS INVESTMENT has a vision that extends to after sales service and support to ensure the formation of prolonged mutually beneficial and valuebased relationships with our clients and stakeholders. In summary, we are a reliable Zambian owned establishment that aims to provide quality goods and services on the Zambian market at the most competitive and cost-effective means possible aimed at reducing our customers operational costs.

## OUR VISION

To be the benchmark supplier of choice, recognized for integrity, ethics of business practice and the quality of our services.

## OUR MISSION

To develop lasting customer relationships by providing exceptional stakeholder value in an environment of trust and respect

## CORE VALUES

We live and breathe the following Core Values

- Integrity
- HSE
- Quality
- Reliability
- Teamwork
- Trust

We do not compromise on the above.

# WE BELIEVE IN QUALITY

We supply REDEX AdBlue an emission reduction additive that makes DIESEL GREEN & CLEAN

**Redex AdBlue** reduces noxious exhaust fumes by up to 80% in Euro 6 compliant diesel vehicles fitted with an **AdBlue** tank! its advanced formulation helps the environment, but when the tank runs dry your vehicle could go into limp mode or even stop.

Keep a bottle handy in your vehicle, top up and keep going.

**Redex AdBlue** is now available in a larger range of 5L, 20L and 1000L packs. The 5l has a controlled internal spout that eliminates spillage. For peace of mind, ask for **Redex AdBlue** at your nearest automotive spares shop.

**REDEX**  
FOR A BETTER DRIVE

WHY REDEX ADBLUE? ISO22241-1 compliant, Reduces Nox emissions by up to 80%, Easy pour nozzle on 5L pack.

Provides a safe, fast, efficient, and environmentally responsible system for lubricating wire ropes with the following advantages.

1. 2000M/H; 2000m of rope per hr
2. Light Weight: Easy to install & operate.
3. Less Risk: Safer than manual lubrication
4. Lifetime; Improved lubrication= increased equipment & rope life

JJCS Investments manufactures and supplies steel diesel storage tanks of various capacities both for sale and on loan-free basis to its esteemed customers. We also supply and install fuel dispensing units.

Desiccant Breathers to prevent and control contamination for all sizes of storage tanks and drums both refillable and one time use.

We have also partnered with international tank manufacturers the world over to distribute ISO standard double banded steel wall tanks on special request and order.

We supply various types of valves, i.e., Check valves, Ball Valves, Steam Traps, Spring relief valves, Actuators etc. of various materials i.e. stainless steel, cast iron etc.
