NWIM LIMITED is a Copper belt based Company specialized in construction and Civil engineering works. Since its inception in the year 2002, the company has maintained a reliable service on many diverse jobs ensuring that the interests of our clients prevail in all cases and circumstance. We have strived to deliver a quality job at a cost-effective price to our clients.

OUR GOAL

Our goal is to help our customers achieve a competitive advantage by providing solutions that return superior business results.

OUR MISSION

To operate a worldwide business that creates significant benefits for consumers, our market associates and our community.

OUR VISION

To be not only Zambia's but the world's most customer centric company; to build a global village where people will find competitive solutions they might need to use.

NWIM LIMITED has expertise in:

- ❖ Scoping of work prior to commencement to ensure that customer is provided with the best solution to the requirement
- ❖ Managing fixed price and on-site contracts to ensure timescales and quality expectations are met and that customer is regularly updated on the progress of the contracts.
- ❖ Providing added value to contracts to ensure repeat business.

OUR CLIENTS

Our Clients are our business partners. We listen to them, respond quickly to their current needs and anticipate their future needs. We deliver quality services, product and systems that are safe and reliable. Superior service is the building block of this company and will always be our central policy and philosophy.

OUR ORGANISATION

We are a reliable, innovative, responsive and entrepreneurial organization. We structure our business around the needs of our customers. Our business environment is constantly changing. We are committed to creative and innovative approaches that lead to excellence in performance.

OUR SOCIETY

Our business is conducted in accordance with the law, and stated corporate and business ethics.

We strive to work closely with the people in whose society we operate. We commit to great and sound practices of corporate social responsibility. We recognize that without the community our business wouldn't flourish and therefore it is our goal to operate in a profitable way whilst enhancing the wellbeing of the public.
