OBJECTIVES

To provide cost effective and high quality installations in high and medium voltage electrical installations, commercial and domestic water reticulations and general civil works.

Reacting quickly to client's needs by either sourcing required equipment from abroad or locally, custom built requirements as our clients may require. Offering after services.

COMPANY VISION

Our vision is to be the leading and most competitive contractor in the energy and water supply sector.

COMPANY MISSION

To achieve a high level of excellence in productivity, safety, environment and community involvement so as to enhance job creation.

ENVIRONMENTAL OBLIGATION

We take cognizance of the existing environmental policies and exercise control, giving due consideration of the consequences to the company, its environs and the community at large. We endeavor at all costs to use environmentally friendly material in all our works.

WORK CULTURE

We endeavor to conform always to approved specification in our installations so as to be abreast with the modern developments.
