Brightfield Engineering Limited is a wholly Zambian-citizen owned company incorporated on 22nd May 2025 under the Companies Act No. 10 of 2017, registration number 120251025969. The company was established to deliver building, civil, electrical and road construction works to public and private clients across Zambia.

We are registered with the National Council for Construction in Grade 6 under four categories: General Building and Housing, General Civil Engineering Works, General Electrical and Telecommunication, and General Roads and Earthworks. We are also registered with the Engineering Institution of Zambia as a Registered Engineering Organisation holding a current practising licence.

Although young as a corporate entity, the company is led and staffed by professionals with long records in council infrastructure, mine civils, substation construction and building works. Our approach is straightforward: price honestly, programme realistically, build to specification, and finish on time.

100%

On-time delivery

VISION

To be a leading engineering and construction firm in Zambia, recognised for technical competence, integrity in pricing and delivery, and a lasting contribution to national infrastructure.

MISSION

To provide high-quality, reliable and integrated engineering and construction solutions across the building, civil, electrical and roads sectors, completing every contract on programme, within budget and to specification.

OUR VALUES

- **Integrity** We quote what the work truly costs and we honour it.
- **Workmanship** Specification is the minimum standard, not the target.
- **Safety** No programme justifies an unsafe site.
- **Accountability** Named people carry named responsibilities.
- **Local benefit** We recruit and buy locally wherever the work allows.

BUILDING CONSTRUCTION

- › Institutional and commercial buildings
- › Warehouses and storage sheds
- › Housing units and staff accommodation
- › Renovations, extensions and finishes

CIVIL ENGINEERING WORKS

- › Foundations, slabs and structural concrete
- › Drainage, culverts and stormwater works
- › Earthworks, excavation and compaction
- › Aprons, hardstandings and external works

ELECTRICAL & TELECOMMUNICATION

- › LV and MV distribution and switchgear
- › Building electrical installation and wiring
- › Solar PV supply and installation
- › Street and area lighting; standby generation

ROADS & EARTHWORKS

- › Feeder and access road construction
- › Routine and periodic road maintenance
- › Culvert and embankment rehabilitation
- › Gravel supply, haulage and placement

DURATION **16 weeks**

✓ Certificate of Completion issued February 2026

Brightfield Engineering Limited is directed by its Board, which sets policy and approves project undertakings, and is managed day to day by the Managing Director, who carries responsibility for contracts, procurement, programme and delivery.

Project teams are constituted contract by contract. On award, we appoint a project manager and supervisory team whose qualifications, professional registration and site experience match the discipline and scale of the particular works, supported by craft-certified tradesmen in the relevant trades.

The company's management philosophy rests on responsibility and mutual respect. Employees and engaged personnel are treated as individuals, their competence is recognised, and they are given a safe environment in which to work. Responsibility for each element of the works is assigned to a named person, and that person reports on it.

MATCHED TO THE WORKS

Personnel are selected for the discipline and scale of each contract, not drawn from a standing list.

NAMED ACCOUNTABILITY

Every work package carries a named supervisor who reports on progress, quality and safety.

CONTINUITY TO COMPLETION

Personnel proposed at tender are the personnel deployed, and they remain for the contract duration.

SUPERVISION AND REPORTING

Each contract is run to an approved programme with weekly site supervision records and monthly progress, safety and environmental reporting to the client's project manager.

Brightfield mobilises a combination of company-owned plant and equipment held under standing hire arrangements with established suppliers. Plant is matched to the scope of each contract and inspected before mobilisation.

TRANSPORT & HAULAGE

- › Three-tonne tipper truck
- › Utility / crew vehicle
- › Material haulage by contracted carriers

CONCRETE & COMPACTION

- › Concrete mixers
- › Poker vibrators
- › Plate compactor / rammer
- › Wheelbarrows and placing equipment

FABRICATION & POWER

- › Welding machines
- › Angle grinders and cutting equipment
- › Generator sets
- › Drilling and coring machines

SITE & SAFETY

- › Survey and setting-out instruments
- › Scaffolding and access equipment
- › Hand tools and small plant
- › First aid kits and site PPE stock

Brightfield operates to the Occupational Health and Safety Act No. 36 of 2010 and the Environmental Management Act No. 12 of 2011 as amended. Every contract is executed under a site-specific Environmental and Social Management Plan, and all personnel sign an individual code of conduct before deployment.

OUR COMMITMENTS

Personal protective equipment

Issued free to every worker and enforced daily.

Toolbox talks and induction

Daily briefings; induction for all workers and visitors.

Incident reporting

All incidents recorded and reported within 24 hours.

Grievance redress

Register maintained on site; grievances acknowledged within 48 hours.

Community protection

Dust, noise and traffic controlled; works confined to the approved footprint.

Waste management

Segregation at source and disposal only at approved sites.

Zero tolerance

Gender-based violence, harassment, child labour and substance abuse.

Reinstatement

Disturbed ground restored and topsoil reused at completion.

The company holds all statutory registrations required to contract with public bodies in Zambia.
