1. EXECUTIVE COMPANY PROFILE

Cyanlink Ventures Limited is a locally owned Zambian company established to provide dependable sourcing, trading and supply solutions to organisations across Zambia. The company combines local market knowledge, professional management and responsive procurement capabilities to serve clients in the mining, industrial, healthcare, public-sector, corporate and agricultural value chains.

The company’s strategic focus is built around four complementary areas: mining and industrial supplies; safety clothing and personal protective equipment (PPE); medical and healthcare supplies; and agro-business and commodity trading. These are supported by a broader general-supply capability covering stationery, cleaning materials, hygiene products and other client-specific requirements.

As a Zambian-owned enterprise, Cyanlink Ventures Limited is committed to local participation, supplier development and keeping more value within the Zambian economy. The company seeks to build long-term relationships with mines, contractors, hospitals, government institutions, NGOs, schools, commercial businesses and other organisations requiring reliable procurement and supply support.

2. VISION, MISSION & STRATEGIC OBJECTIVES

Vision

To become a trusted and competitive Zambian supply and trading company, recognised for reliability, quality, local value creation and professional service delivery.

Mission

To source and deliver quality products and practical supply solutions to clients through strong local partnerships, disciplined procurement, responsive service and ethical business practices.

Strategic Objectives

- To establish Cyanlink Ventures Limited as a dependable supplier to the mining and industrial sectors.
- To develop a strong portfolio of mining spares, industrial consumables, safety clothing and PPE.
- To provide reliable medical, healthcare, hygiene and general institutional supplies.
- To strengthen agro-business and commodity trading through local sourcing and market linkages.

To develop sustainable relationships with reputable manufacturers, distributors, farmers, cooperatives and other suppliers.

To contribute to Zambia's local-content and economic-participation agenda through locally owned business activity and supplier development.

Core Values

Integrity and accountability

Quality and compliance

Reliability and responsiveness

Customer focus

Professionalism

Local participation and sustainable growth

3. CORE BUSINESS & SUPPLY CAPABILITIES

3.1 Mining & Industrial Supplies

Mining and industrial supply is a key growth focus for Cyanlink Ventures Limited. The company is positioned to source and supply products required for mining operations, contractors, workshops, processing facilities and related industrial activities.

Mining spares and replacement components, sourced to client specifications
Mechanical and workshop consumables
Industrial tools and equipment
Electrical and general industrial consumables
Fasteners, fittings and maintenance-related items
Pumps, hoses, bearings and other maintenance requirements, subject to specification and availability
General site and operational supplies
Where a requirement is specialised, the company can work from client specifications, part numbers, drawings, samples or approved-equivalent requirements and coordinate sourcing through appropriate supplier channels.

3.2 Safety Clothing, PPE & Workplace Supplies

Cyanlink Ventures Limited recognises the importance of occupational safety in mining, construction, manufacturing, logistics and other high-risk environments. The company can source and supply safety clothing and personal protective equipment according to client requirements and applicable standards.

Safety coveralls and workwear
Safety boots and protective footwear
Hard hats and head protection
Reflective/high-visibility clothing
Protective gloves
Eye and face protection
Hearing protection
Respiratory protective equipment
Rainwear and other site-specific protective clothing
Other PPE and safety accessories as specified by clients

3.3 Medical & Healthcare Supplies

The company provides sourcing and supply of non-pharmaceutical medical and healthcare products for hospitals, clinics, institutions, organisations and other authorised clients, subject to applicable regulatory and procurement requirements.

Medical consumables
Personal protective and infection-prevention supplies
Basic clinical and healthcare equipment
First-aid and emergency supplies
Hygiene and sanitation products
Other approved healthcare supplies according to client specifications

3.4 Agro-Business & Commodity Trading

Agro-business remains an important component of the company's business model. Cyanlink Ventures Limited seeks to connect agricultural producers and markets through sourcing, aggregation, trading and distribution of agricultural commodities.

Sourcing and trading of agricultural produce
Commodity aggregation and distribution

Linkages with farmers and cooperatives
Institutional and commercial off-take opportunities
Supply of selected agro-related products and commodities

4. GENERAL SUPPLY & PROCUREMENT SOLUTIONS

Beyond its strategic sectors, Cyanlink Ventures Limited provides flexible general-supply services for organisations that require multiple product categories from a responsive local supplier. The company's approach is to understand the client's specification, source competitively, verify conformity and coordinate delivery.

Stationery & Office Supplies

Office stationery and consumables
Paper products and printing materials
Files, notebooks and writing materials
Office accessories and selected equipment

Cleaning, Hygiene & Janitorial Supplies

Industrial and domestic cleaning chemicals and materials
Sanitation and hygiene products
Cleaning equipment and accessories
Waste-management and janitorial consumables

Procurement & Sourcing Support

Client-specific sourcing based on specifications, quantities and delivery requirements
Supplier identification and quotation comparison
Bulk and contract supply arrangements
Coordination of procurement, logistics and delivery
Responsive sourcing of specialised or hard-to-find items

5. TARGET MARKETS & CLIENT SEGMENTS

Cyanlink Ventures Limited is structured to serve a broad range of organisations, with particular emphasis on sectors where dependable local procurement and supply support are critical.

Mining houses and mining contractors
Engineering, construction and industrial companies
Manufacturing and processing businesses
Hospitals, clinics and healthcare institutions
Government ministries, departments and agencies
Parastatals and public institutions
NGOs and development organisations
Schools, colleges and other institutions
Agricultural businesses, farmers and cooperatives
Corporate and commercial organisations

Our Customer Value Proposition

One local supplier. Multiple solutions. Cyanlink Ventures Limited aims to reduce procurement complexity by giving clients access to a diversified range of products through one locally managed supply relationship. Our value proposition is based on responsiveness, competitive sourcing, specification-driven procurement and dependable delivery.

6. ZAMBIAN OWNERSHIP & LOCAL PARTICIPATION

Cyanlink Ventures Limited is positioned as a Zambian-owned and locally focused enterprise. The company's strategy is to participate meaningfully in Zambia's economy by building local supplier relationships,

supporting local producers where commercially viable, developing employment and business opportunities, and progressively increasing its capacity to serve major industries from within Zambia.

Zambian ownership and local management

Focus on local supplier and business partnerships

Support for Zambian farmers, producers and emerging suppliers where appropriate

Commitment to professional, transparent and accountable business practices

Capacity development through strategic partnerships and specialist suppliers

Readiness to participate in local-content and supplier-development opportunities subject to applicable requirements

Our Local-Content Positioning

The company understands that major industries increasingly require capable local suppliers who can combine commercial discipline with responsiveness and knowledge of the Zambian operating environment. Cyanlink Ventures Limited intends to grow its capabilities progressively while maintaining quality, compliance and delivery standards.

7. LEADERSHIP & PROFESSIONAL MANAGEMENT

Cyanlink Ventures Limited is led by professionals with strong backgrounds in accounting, finance, business management and corporate administration. The directors bring complementary expertise that supports prudent financial management, commercial decision-making, governance and business development.

Henry Mwewa Lwando — Director

Henry Mwewa Lwando is a Chartered Accountant with academic and professional experience in financial services, accounting and finance. He holds a Bachelor of Arts in Financial Services and a Master of Science in Accounting and Finance. His professional background provides the company with a strong foundation in financial management, budgeting, commercial analysis, controls, governance and accountability.

Bachelor of Arts (BA) in Financial Services

Master of Science (MSc) in Accounting and Finance

Focus areas: financial management, commercial analysis, governance and business development

Chilufya Chyapeni — Director

Chilufya Chyapeni is a Fellow of the Association of Chartered Certified Accountants (ACCA), Associate member of the Zambia Institute of Chartered Accountants (ZICA) and holds a Master of Business Administration (MBA) from Heriot Watt University (Scotland). His professional credentials strengthen the company's financial governance, strategic management and commercial decision-making capabilities.

Fellow of the Association of Chartered Certified Accountants (FCCA)

Master of Business Administration (MBA)

Zambia Institute of Chartered Accountants (ZICA) Associate Member

Focus areas: strategic management, financial governance, business planning and commercial oversight

Management Philosophy

The directors are committed to building a business that is professionally managed, commercially sustainable and responsive to client needs. Cyanlink Ventures Limited seeks to combine strong financial discipline with practical procurement and supply-chain execution.

8. OPERATIONAL CAPACITY, QUALITY & HSE

Operational Approach

Specification-driven sourcing and procurement

Competitive supplier engagement

Quality and conformity checks appropriate to the product category

Order tracking and delivery coordination

Ability to support both routine and bulk requirements

Use of specialist suppliers for technical or specialised products

Quality Commitment

Cyanlink Ventures Limited is committed to supplying products that conform to agreed client specifications and applicable requirements. For specialised goods, the company will work with clients and qualified suppliers to clarify technical specifications before procurement.

Health, Safety & Environment

The company recognises the importance of health, safety and environmental responsibility, particularly when supporting mining, industrial and healthcare clients. Cyanlink Ventures Limited is committed to safe handling, responsible sourcing, appropriate storage and delivery practices, and compliance with applicable requirements.

9. CORPORATE GOVERNANCE & COMPLIANCE

Cyanlink Ventures Limited is committed to conducting business ethically, transparently and in accordance with the laws and regulatory requirements applicable to its operations in Zambia. The company maintains a strong emphasis on accountability and responsible commercial conduct.

PACRA registered: 120251029635

ZRA TPIN: 2003983320

Commitment to statutory and tax compliance

Ethical procurement and supplier engagement

Transparent commercial and financial practices

Respect for client contractual requirements and confidentiality

10. STRATEGIC PARTNERSHIPS & BUSINESS DEVELOPMENT

Cyanlink Ventures Limited recognises that successful supply businesses depend on strong relationships across the value chain. The company therefore seeks to develop relationships with reputable manufacturers, distributors, wholesalers, mining-equipment suppliers, PPE manufacturers, medical-supply companies, agricultural producers, logistics providers and specialist technical suppliers.

Growth Priorities

- Expand the company’s mining and industrial product portfolio.
- Build strategic supplier relationships for mining spares and technical consumables.
- Develop a dependable PPE and safety-clothing supply portfolio.
- Strengthen medical and institutional supply capability.
- Increase participation in agro-business and commodity trading.
- Develop capacity for larger framework, contract and bulk-supply arrangements.
- Expand local partnerships while progressively developing regional sourcing capability.

Why Cyanlink Ventures Limited

- Zambian-owned and locally focused
- Professional leadership with strong financial and business credentials
- Multi-sector supply capability
- Responsive and flexible sourcing approach
- Commitment to quality and client specifications
- Strong emphasis on integrity, accountability and long-term relationships
